

Metamark Carbon Fibre Effect

MMA-CF3 / Calendered Vinyl with 'MetaScape' Adhesive System

Product Description

For faster, trouble-free applications MMA-CF3 offers ease of application by providing air with an exit route from under the graphic. MMA-CF3 is a calendered PVC giving a realistic simulation of Carbon Fibre. It may be used on flat or simple curves so is ideal for large flat vehicle panels, such as bonnets and roofs. The 150 micron film has a textured, embossed 3D finish matching closely Metamark CF4, but at a more affordable cost. It is durable for up to 5 years exterior use.

Typical Applications

- MMA-CF3 is suitable for computer cut graphics and vehicle applications onto flat or simple curves.
- It is not suitable for conforming to complex curves.

Application

- Suitable for dry application only.
- Due to the embossing of the film, it is more sensitive to tearing along the embossing, so care is needed when handling.

Maintenance

- Do not use car polishes on the product.
- Clean with warm soapy water.

Face Film

Face Film:	150 micron Calendered Vinyl
Dimensional Stability	2.5%
Tensile Strength	20 N/mm ²

Release Liner

Print	'MetaScape' print
Type	Layflat kraft paper with PE coating
Weight	140 gsm nominal

Adhesive

Type	'MetaScape' permanent solvent-based acrylic with air channels.
Weight	22gsm nominal
Adhesion to glass 20 mins	15N/25mm nominal
Adhesion to glass 24 hour	20N/25mm nominal
Application temperature	+5°C to +60°C
Service temperature	-30°C to +110°C
Adhesion 24 hours	18N/25mm

Durability

Outdoor Durability	5 years when properly processed and applied.
Storage Stability	1 year, stored at +73°F and 50% RH
Water Resistance	No Effect
Flammability	Self-Extinguishing

Finishes

Finishes Available	MMA-CF3 Calendered Carbon Fibre Effect

Warranty: Metamark (UK) Limited warrants to its customers that completed decorative markings which utilise Metamark SignVinyl will remain in good condition without excessive fading or colour degradation for the specified life time of each material when correctly stored and applied in accordance with procedures outlined in the technical literature. If within the specified years of normal use Metamark SignVinyl becomes ineffective for its intended use, then Metamark will provide sufficient material to produce a new replacement marking, and will also, at its own discretion, contribute an allowance towards the costs involved in replacing the graphics. **Please Note:** The above data is given in good faith to provide an indication of the performance of the product. Purchasers should consider the suitability of each product for its intended use and the purchaser assumes all risks in connection with such use. Seller shall not be liable for damages in excess of the purchase price of the product nor for incidental nor consequential loss.
