

Metalik® Cut&Print Gold 074CGO

Removable Double-Sided Metallic Polyester Films

Applications

- Metallic Cut&Print creates double sided displays
- Create bright reflective lettering, logos and designs for shop windows & glass
- Ideal for retail settings, perfumeries, luxury boutiques & Christmas campaigns
- Perfect for temporary metallic point of sale promotions
- Combinations of print & CAD applications
- Also available in Metallic Silver & Rose Gold

Certified for
HP Latex Inks

Benefits

- Same colour effect on both sides
- Removable adhesive, perfect for wet-application
- Cuts perfectly, weeds easily
- Very smooth finish, close to mirror effect
- Corrosion free - 1 year outdoor durability

Post Printing Information for Latex & Solvent Inks:

As with all filmic media, this product must be allowed to “gas-out” after printing. This can be achieved by leaving the prints face up, ideally 24+ hours, to set, dry and harden. If unable to do this e.g. with a long print run: after printing the roll stand it vertically and loosely unwind the printed roll as much as possible, to allow air in and gases/solvents out.

Recommended Conditions:

Printroom	15°C - 30°C	30% - 65% RH
Usage	-40°C - 80°C	10% - 90% RH
Storage	10°C - 20°C	20% - 50% RH

Face Thickness without Adh:

55 μ	2.2 mil	76 gsm
---------	------------	-----------

Available widths:

1372 54"	1524 60"
-------------	-------------

Adhesion:

APRES24H 8 N /25mm
